

In this unique discovery of talent, Wendy takes you on a journey through her life. Born to young parents, she has survived several heart-breaking encounters. From abandonment to repeated molestation ? these events left their mark. As You Look In The Mirror is a painful and practical arrangement of poetry. In her light-hearted way, she recalls real-life tragedy and transforms it into an inspiring and imaginative collection of events. Every time you turn the page ? she has a story to tell or a lesson that was learned ? showing spiritual growth and guidance throughout. She teaches about strength ? not the physical ? the strength that comes from within. She instills a strong belief in God and propels us to search ourselves for love and happiness. This book shows a powerful and pragmatic outlook of life ? told by a woman who has ventured deep into the soul ? each time returning more aware and alive than before.
